LET US KNOW YOUR VIEWS ON TRANSPORT IN LETCHWORTH

Following our phase 1 consultation last year about your aspirations for the future of Letchworth, we have now launched our second phase of consultation. During this phase we are focusing attention on the largest housing sites which have been allocated for development in Letchworth included in the emerging North Herts District Council Local Plan. Today, we particularly want your views on transport and housing. Please answer the questions below and feel free to ask us if there is anything we can help with.

We would like to know how you think this site can best meet the needs of the local community and what benefits you hope it can deliver for the whole town.

Although we are considering sites within the NHDC Local Plan, this consultation remains completely separate to any consultation run by the Council.

Please answer the questions on both sides of this card and then place in the feedback box, or post this to us for free at a later time. You don't need a stamp to post the feedback to us.

- b) Improved walking/cycling infrastructure
- c) Community initiatives
- d) Bicycle training
- e) Better public transport services
- f) Car clubs/ car sharing
- g) New transport technologies (e.g. on-demand buses/ taxis, cycle/ scooter hire)
- h) Enhanced broadband speeds to enable greater opportunity to work from home
- i) Other (please specify)

Q10) If you travel mainly by car, what would encourage you to travel by bus/rail instead?

- a) New routes
- b) Increased service frequency
- c) Extended operating periods
- d) More bus/train stops
- e) Subsidised costs
- f) Other (please specify)

Q11) Is there anything which would encourage you to walk/cycle more?

Comments:

Q12) Which potential cycle connectivity improvements would you prefer to see on key north-south routes through the Grange Estate to enhance cycle links with the town centre?

i) Retain existing road layouts with low traffic speeds

ii) Reduce verge widths to introduce dedicated off-road cycle lanes.

iii) Convert some roads to one-way with on road cycle lanes.

Q13) Are there any transport initiatives which you would like to see locally?
